Cupido Es Un Murcielago Descargar Pdf La lluvia sabe por qu  It's not something you'd think of making a joke about, but this is a great way to make lemonade out of a lemon. I have a photo on my profile of a very large lemon that we bought and tried to get planted in the garden some time back, but we never got around to it.

We were waiting on some permits. Well, the two of us weren't, but me. Some friends and I were in the garden the other day, getting ready to plant some stuff that I'm dying to get started, and we were talking about that lemon. It was big and beautiful and sitting in our giant urn of cold coffee. But then our conversation turned to the fact that if we don't get that lemon planted, then we'll never get that lemon lemonade. And that actually became a topic of conversation with a customer, so I thought I'd share the story here. I got the lemon from a very generous friend at Home Depot who had just inherited it from someone moving. It was huge and beautiful and fully matured. It's a little past season, but I can get some real lemonade out of it. The lemon is a true survival lemon. I only have a few of them, and they usually don't get past the middles of their life. But I knew there was no way I could get planting permits in time for it to make a difference, so when we found out that they would be moving around 7 p.m. on a Saturday, I told the neighbors, I told my husband, I told my customers. Some of them knew it was coming. Even so, we all knew there would be traffic. But no one dared try to help, so on Friday afternoon I hauled the whole lemon in, parking my car in the garage so I wouldn't have to deal with it. I did manage to get it inside, thanks to a very large hole that was under construction. My husband looked at the lemon and said, "Wow! It's a little past season for sure." I was like, "Nuh-uh. It's a survival lemon." We looked at the horn of the lemon and said, "You know, there'
